

HAVE YOUR SAY ON THE BUS SERVICE

The Government of Ontario wants to know what kind of inter-city bus service you want or need in your community.

- Does the bus run at the right time for your needs— going or coming?
- Is the price of the ticket affordable?
- How often do you have to take the bus?
- Why don't you take the bus now?
- What changes would make it possible for you to take the bus?
- Where do you take the bus to and why?
- If the bus schedule doesn't work for you, how do you get from your town to another and why?
- What steps should the Government of Ontario take to protect and support inter-city bus service in Northwestern Ontario?
- And any other comment you want to make!
